2. Issuance and Use of the Card / costs and fees

- 2.1. The Card Issuer is the Issuer of the Cards and PINs. At the express request of the Principal Cardholder and after acceptance of the Card Application, the Card Issuer issues one or more main Cards. The Card Issuer is entitled to accept or deny the Card Application. The Principal Cardholder may, under its own responsibility, request the issuance of one or more Partner Card(s) for the Partner Cardholder(s). To use a card, the Card Issuer provides the Cardholder with a PIN as a personalized security feature. The Card(s) and/or PIN are sent to the respective Cardholders. For security reasons, the PINs and Cards are sent in separate letters to the Cardholders.
- 2.2. The Cardholder may request the issuance of a replacement card at any time. The Card Issuer is entitled to demand reimbursement of expenses for this purpose as shown in the table on page 2 of the Card Application. Such compensation will not be charged if the replacement card is issued due to a card defect attributable to the Card Issuer or due to the card's expiry date or due to card theft or loss.

- 2.3. The Cards and PINs shall remain the property of the Card Issuer and are issued for an annual fee indicated in the Card Application, in a separate document or in another appropriate form. The Card Issuer charges fees for the use of the Card, in accordance with the applicable tariff indicated in the table on page 2 of the Card Application. The Cardholder undertakes to verify, before each Payment Transaction, the applicable fee to the said Payment Transaction.
- 2.4. The Cardholder must immediately notify the Card Issuer and Card Broker in writing in case of modification of relevant contractual information referred to in the Card Application, including changes of personal data (name, address, phone number, e-mail, account details).
- 2.5. The Cardholder is authorised to use the Card as follows:
 - on national territory and abroad, to pay without cash the Affiliated Merchants of the Visa networks for their products and services; and
 - to withdraw money from Cashpoint Machines and branches of Affiliated Banks worldwide.
- 2.6. The Card is a method of payment without cash. The Cardholder can only withdraw amounts not exceeding the current balance of the Card (the «**Card Balance**») within the limits set out by the Card Issuer at any time, solely for transactions in legal trade. The Affiliated Merchants and Affiliated Banks' Cashpoint that provide services in cash are identified by the acceptance symbols on the Card. Affiliated Merchants/Banks have the right to require proof of identity. The maximum amounts of cash that can be withdrawn vary according to the country and/or ATM operators and/or cash points. Other services and functions than those listed above, available using the Card, may be offered in the future.
- 2.7. The Principal Cardholder is jointly and severally liable for payment of all applicable fees, and for compliance with all the obligations arising from use of the Partner Cards, set out in the monthly statements, even if the Partner Cardholders receive separate bills. Unless otherwise specified in the Card Application, each Partner Cardholder authorises the Principal Cardholder to issue statements on its behalf in the framework of its relationships with the Card Issuer (e.g. Claims for unauthorised Payment Transactions, Incident notifications, etc.) and to receive information (including, in particular, monthly statements and any changes or additions to these Terms and Conditions).
- 2.8. The Card Issuer will charge a processing fee for the withdrawal of cash as shown in the table on page 2 of the Card Application.

3. Validity / spending limit and loading / refusal of payment orders

- 3.1. The Card is valid only until the expiry date noted on the Card and will be automatically extended, if it is not terminated in accordance with these terms. The Card Issuer reserves the right to exchange the Card against a new card, even during the period of validity. After the issuance of a new Card or the end of entitlement of the Cardholder to use the Card (e.g. in case of termination of this agreement), the Cardholder has to immediately return the (previous) Card to the Card Issuer or destroy it.
- 3.2. The Card Issuer informs the Cardholder of the Spending Limit for Charge Cards: the maximum limit of expenditure is for Classic Cards EUR 7.000, USD 7.000, CHF 7.000, GBP 7.000 and for Gold Cards EUR 75.000, USD 75.000, CHF 75.000, GBP 75.000. The Spending Limit decreases with the increased use of the Card, in accordance with article 2.6 of these Terms and Conditions. Spending made using the Card that exceed the Spending Limit is prohibited; if, exceptionally, the Card Issuer accepts spending in excess of the limit, without being obliged, the Cardholder must immediately reimburse the Card Issuer the full amount which exceeds the Spending Limit.
- 3.3. For prepaid cards, the Cards have to be used within the spending limit corresponding to the amount originally transferred to the Card by the Cardholder (the «**initial Charge**»). The spending limit decreases with the increased use of the Card in accordance with Article 2.6 of these Terms and Conditions, but increases if subsequent transfers («**charges**») are made to the Card by transfer. The amounts loaded on the Card may not exceed EUR 50.000 or the equivalent in any other currency per month. The amounts transferred to the Card do not bear interest. Card spendings above the spending limit are not permitted; however, if the Card Issuer exceptionally accepts spendings in excess of the spending limit without being obliged to do so, the Cardholder must immediately reimburse the Card Issuer the full amount which exceeds the Spending Limit.
- 3.4. The Card Issuer will charge a loading fee as shown in the table on page 2 of the Card Application for each reload of the prepaid card.
- 3.5. The Card Issuer is entitled to refuse the execution of one or more payment orders made using the Card, if:
 - the Payment Transaction has not been authorised in accordance with article 4 of these Terms and Conditions;
 - the execution of the Payment Order will result in exceeding the authorised spending limit; or
 - if the Card has been blocked or withdrawn in accordance with article 13 of these Terms and Conditions.
 The refusal and the reason for such refusal is communicated to the Cardholder:
 - with an ad hoc message displayed on the Card terminal or the Cashpoint Machine; or
 - by communicating the refusal to the Cardholder by the Affiliated Merchant/Affiliated Bank not later than the following business day.

In this case, the Card Issuer is not required to send an additional communication of refusal, in particular a written communication, to the Cardholder. If several means of communication are available, the fastest means of communication is used. The reason for rejection may be omitted if the Card Issuer would thereby violate legal regulations.

- 3.6. Card use for purposes that are unlawful or in breach of the present terms and conditions is prohibited. No transactions are permitted in countries in which there are relevant national and/or international sanctions and embargoes against card use. The current list of relevant sanction measures (e.g. regarding countries, persons, companies, transaction types affected) can be viewed, e.g. in relation to Switzerland, on the website of the State Secretariat for Economic Affairs (SECO) (www.seco.admin.ch).

4. Authorisation of Payment Transactions/revocation/liability of the Card Issuer in connection with the use of the Card

- 4.1. The Card Issuer acts based on the payment orders given by the Cardholder. Payment Orders are issued using the Card.
- 4.2. Only the transmission of a payment order by using the Card in the manner described below constitutes an authorisation of the relevant payment transaction. If the Card is used to pay products or services without cash, and the Cardholder authorises the Payment Transaction either by signing the corresponding document

- which is presented to the Cardholder by the Affiliated Merchant, or by entering the PIN into the electronic device which accepts Visa Cards that displays such Payment Transaction, or, by holding the Card towards NFC-capable terminals (near field function), without inserting the card into the dedicate space of the Point-of-Sale terminal, without signing a payment slip and without entering a PIN or, in some cases, simply by inserting the Card into the payment terminal without signature or PIN input (e.g. tolls, etc.). When the Card is used to withdraw cash from cashpoint machines, the PIN must be entered.
- 4.3. In the case of cashless payment of products or services via the Internet, the Cardholder instructs the Card Issuer to pay the invoice amount to the respective affiliated merchant or bank after verification via the eID app provided by the Card Issuer or by entering the personal security code and the one-time password sent by SMS to the Cardholder's mobile phone.
 - 4.4. In the case of a cashless payment for products or service through postal services or via mobile phone, a Payment Transaction may also be permitted without presentation of the Card, the Cardholder authorising the desired Payment Transaction by transmitting the following data of his Card:
 - the number of the Card, that usually consists of sixteen figures;
 - the four digit of the expiry date (month/year) and, if applicable,
 - the last three digits of the sequence of numbers shown on the back of the Card.
 The Cardholder shall not be liable for damages if the Card Issuer does not require strong customer authentication, unless the Cardholder has acted fraudulently.
 - 4.5. **By issuing payment orders in accordance with these Terms and Conditions, the Cardholder irrevocably authorise the Card Issuer to execute these Payment Orders in favour of the Affiliated Merchant/Affiliated Banks. The Cardholder can no longer revoke a payment after its authorisation.** Therefore, a Payment Order issued by the Cardholder is executed by the Card Issuer upon receipt, without regard to subsequent revocation by the Cardholder. The Card Issuer reserves the right, without being obliged, to accept the revocation of a Payment Order requested by the Cardholder after the date mentioned above, if the Payment Beneficiary has given its consent to this.
 - 4.6. When a Payment Transaction is initiated via the Payment Beneficiary in the context of a Payment Transaction via a Card and the exact amount is not known at the time when the Cardholder consents to the execution of the Payment Transaction, the Issuer may block funds in the amount authorised by the Cardholder if the Cardholder agrees to this block and its amount in advance. The Issuer unblocks the blocked funds without undue delay after receipt of information on the exact amount of the Payment Transaction and no later than immediately after receipt of the Payment Order.
 - 4.7. The Cardholder notes that the Card Issuer is not responsible for the behaviour of an Affiliated Merchant/Affiliated Bank, particularly if the Affiliated Merchant/Banks or Cashpoint Machines do not accept the Card for any reason whatsoever or accept a payment transaction only in parts.
 - 4.8. **The Card Issuer and the Card Broker are third parties with regard to disputes between the Cardholder and an Affiliated Merchant/Affiliated Bank. These disputes do not release the Cardholder from their obligation to meet the debts of the Card Issuer or Card Broker against the Cardholder resulting from the use of the Card.** This applies, for example, in the event of late delivery or non-delivery of goods or services paid using the Card to Affiliated Merchants. In the event of disputes or claims of all types in relation to these products or services or with the exercise of a right in this context, the Cardholder shall exclusively contact the Affiliated Merchant. A refund on the Card is only paid to the Cardholder in the event of reimbursement of a Payment Transaction by an Affiliated Merchant/Affiliated Bank.
 - 4.9. The card issuer reserves the right not to execute a payment transaction for security reasons if a secure system is not used to process such transaction or an authorization cannot be executed. This is the case, for example, if the Cardholder wishes to initiate an electronic payment transaction and the required strong customer authentication fails.
 - 4.10. Services from legal transactions that violate a legal prohibition (e.g. prohibited gambling) may not be utilised with the card.
5. **Receipt and processing of payment orders**
 - 5.1. A Payment Order issued using a Card is deemed to have been received by the Card Issuer if it has actually been transferred to it by the Payment Beneficiary which shall be deemed to have been agreed that depending on currency all payment orders, or authorisations that are received by the Card Issuer after 6:00 pm or on a day which is not a Business Day are deemed to have been received the following Business Day at the office opening time of the Card Issuer. The Cardholder becomes debtor of the Card Issuer as regards the amounts paid by the Card Issuer to the Affiliated Merchant/Affiliated Bank. This also applies to cash withdrawals from cashpoint machines. Amounts owing from the use of the Card are deducted from the Card Balance.
 - 5.2. The Cardholder can view the Card Balance at any time via online access provided on the website of the Card Issuer. It may be that the Card Balance which can be accessed via the internet does not include current Payment Transactions, given that they are not indicated in real time. As a general rule, it includes all Payment transactions received by the Card Issuer until the evening of the previous Business Day.
 6. **Exchange rate**
 - 6.1. If the Card is used in a Member State in a currency of another Member State, exchange rates are set by the Card Issuer on the basis of an exchange rate that corresponds to the Visa reference exchange rate for Visa Cards which applies to Payment Transaction in question. The Visa reference exchange rate is calculated on the basis of the highest and lowest exchange rates of the last 24 hours, using as a basis for calculation the rates established by independent international sources (rates published by Reuters or Bloomberg or, where applicable, government reference exchange rates). Since exchange rates fluctuate, the Cardholder undertakes to consult the applicable exchange rate before any Payment Transaction for which a currency conversion is necessary.
 - 6.2. The Cardholder accept that the exchange rate may change at any time. Therefore, the Cardholder take note that the exchange rate applied to a Payment Transaction is one that is valid at the time of the Payment Transaction. The Cardholder agree that any change in the exchange rate is applied immediately and without prior notice, if the amendments are based on the reference exchange rate. The Cardholder may consult information on the applicable exchange rate after such change on the website of Visa Europe using the following link <https://www.visa.co.uk/support/consumer/travel-support/exchange-rate-calculator.html>, or a link to which it refers. Changes in the exchange rate more favorable for the Cardholder are applied without prior notification. The exchange rates charged by the Card Issuer against the Euro can be compared at any time with the Euro foreign exchange reference rate as published by the European Central Bank (ECB) through the following website: <https://www.comercard.eu/en/landing/forex/forex-EU.html>. Information regarding the currency conversion charges are to be expressed as a percentage mark-up over the euro foreign exchange reference rates issued by the ECB and thus in virtue of the Regulation (EU) 2021/1230 of the European Parliament and of the Council of 14 July 2021.
 - 6.3. If the Card is used in a Member State in a currency of a Member State, the Card Issuer will charge the foreign currency processing fees specified in the table on page 2 of the Card Application.
 - 6.4. After receiving a payment order for a cash withdrawal from an ATM or for a payment at ATMs/card terminals denominated in a currency of the EEA other than the euro, the card issuer shall immediately send the cardholder an electronic message containing the information referred to in Article 3a(1) of the EU Credit Transfer Regulation (EC) No 924/2009. Notwithstanding the previous sentence, such notification shall be sent once a month if in that month the Card Issuer receives a payment order in the same foreign currency.
 7. **Execution deadlines**
 - 7.1. If the Payment Transaction is executed in the EEA in euros using a Card denominated in euros, the Card Issuer guarantees that the amount of the Payment Transaction shall be credited to the account of the Service Provider of payment of the Payment Beneficiary on the first Business Day after receipt of payment. For Payment Transactions carried out in the EEA in a currency of another Member State other than those described in article 7.1, the Card Issuer guarantees that the amount of the Payment Transaction shall be credited to the account of the Service Provider of the Payment Beneficiary no later than on the fourth Business Day after receipt of the Payment Order.
 - 7.2. For all Payment Transactions not covered by article 7.1, the Cardholder acknowledge that the time of execution of the Payment of Transaction is subject to the operational rules for international payment systems and, in this case, the Card Issuer is not bound by aforementioned time scales.
 - 7.3. If the Card Issuer does not detect any fraudulent use or misuse of the Card and executes the payment transactions triggered by this Card, the Card Issuer shall be deemed to have validly executed the payment transaction, as if the payment transaction had been triggered by the Cardholder, except in cases of gross negligence or willful misconduct. The Card Issuer is not liable in virtue of Section 8.2. of the present General Terms and Conditions for the refund to the Cardholder of an amount issued by means of the Card if the Card is used fraudulently or otherwise.
 - 7.4. The Card Issuer is not obliged to execute transactions if they violate applicable law, legal or regulatory (including foreign) provisions, restrictions, orders, prohibitions or measures of competent authorities (e.g. embargo provisions, national or international sanction provisions or money laundering provisions).
 8. **Duties of care and cooperation of the credit card holder**
 - 8.1. Cards that provide a signature field on the back, must be signed immediately upon receipt, otherwise an Affiliated Merchant/Affiliated Bank may reject the card.
 - 8.2. The Card (including PIN) is non-transferable and is issued exclusively for personal use of the Cardholder. The Card must be kept in a safe place and protected against unauthorised access or unauthorised use by third parties. The Cardholder shall be liable to the extent of the liability provisions or limitations of liability set out in Article 10 of these General Terms and Conditions for all consequences resulting from the Cardholder's culpable failure to comply with the obligation to protect the PIN and/or the Card.
 - 8.3. The Cardholder must keep the PIN separate from the Card in a safe place inaccessible to third parties and take all reasonable precautions to protect the PIN from access by third parties. In particular, the Cardholder must not transmit the PIN to another person, not even to persons who claim to work for the Card Broker or the Card Issuer and identifying themselves as such.
 - 8.4. The Cardholder must protect the authentication elements for online payment transactions agreed with the Card Issuer (see Section 4.3) against unauthorized access and take all reasonable precautions to this end. Otherwise there is a risk that the authentication elements for online payment transactions will be misused or otherwise used without authorization. To this end, the Cardholder shall in particular observe the following:
 - Knowledge elements, such as the online password, must be kept secret; in particular, they must not be stored electronically in an unsecured manner (e.g. storage of the online password in plain text in the mobile terminal device), noted on a terminal device, or kept together with a device used as a possession element or for checking the inheritance elements (e.g. mobile terminal device with application for credit card payment and fingerprint/face recognition) and may not passed on orally or outside online payment transactions in text form (e.g. by e-mail or SMS).
 - Possession elements, such as a mobile device, must be protected against misuse; in particular, it must be ensured that unauthorized third parties cannot access the mobile device (e.g. cell phone), that other persons cannot use the credit card payment application (e.g. eID app) installed on the mobile device. Furthermore, this application (eID app) must be deactivated on the cardholder's mobile device before the cardholder gives up possession of this mobile device (e.g. transfer, disposal). Likewise, proof of possession elements (e.g. TAN) are not to be passed on verbally or in text form outside of online payment transactions.
 - Inherence elements, such as fingerprint/face of the cardholder, are only to be used as authentication elements for online payment transactions if inherence elements of other persons are not stored on the same mobile device. If other people's inherence elements are stored on the mobile device used for online payment transactions, other authentication elements (e.g. the online password issued by the payment service provider) must be used for online payment transactions and not the stored inherence element.
 9. **Claims by the Cardholder / Liability of the Cardholder**
 - 9.1. Deadline to make a claim: Any claim regarding an unauthorised or incorrect execution or non-execution of a Payment Transaction indicated in the statement provided, must be communicated by the Cardholder to the Card Issuer immediately upon detection, but no later than 13 months after the account is debited within in the sense of article 15 of the present General Terms and Conditions to the Card Issuer. If no claim is made with the aforementioned period, it shall be assumed that the Cardholder authorised the Payment Transactions indicated in the statement in question and the statement is considered definitively accepted by the Cardholder. Other claims for correction shall not be excluded by failure to comply with these deadlines.
 - 9.2. Unauthorised Payment Transactions (if a claim is submitted within the defined deadline): In the event of a Transaction that has not been authorised by the Cardholder, the Card Issuer reimburses the amount of the Payment Transaction in question to the Cardholder.
 - 9.3. The Cardholder shall remain liable for any damage resulting from an unauthorized payment transaction in the event of loss or theft or misuse of the Card made possible by the Cardholder's culpable breach of his/her duty of care in connection with the use of the Card in accordance with these Terms and Conditions:
 - In case of slight negligence, the Cardholder shall be liable up to the amount of EUR 50 (or the equivalent in CHF, GBP or USD), unless the loss, theft or misuse of the Card was not noticeable to the Cardholder or these circumstances were caused by the Card Issuer.
 - In case of gross negligence or intentional misconduct: the Cardholder shall be fully liable for the incurred loss.

- Notwithstanding the above, the Cardholder shall not be liable for any damage resulting from the use of the Card after an event has been reported to the Card Issuer or if the Card Issuer has not required strong customer authentication for the relevant payment transactions, unless the Cardholder has acted fraudulently.
- 9.4. Non-execution or incorrect execution of authorised Payment Transactions (if a claim is submitted within the deadline):
- If, in the event of the non-execution or defective execution of a payment transaction, the cardholder can prove that the payment service provider of the payee has correctly transmitted the payment order within the applicable time limits, the card issuer shall refund the total amount of the payment transaction to the cardholder.
 - In the event of an incorrect execution of a payment order, the card issuer may also take measures to remedy the incorrect execution as far as possible and excluding refunds in accordance with the preceding paragraph, provided that the payment order contains all information that enables the card issuer to remedy the deficiency in the incorrect execution, in particular if the card issuer has transferred an amount other than the amount stated in the payment order.
 - In the event of a late payment, the Cardholder is not authorised to request the reimbursement of the full amount of the Payment Transaction in accordance with the preceding paragraphs. It may, nevertheless, be entitled to reimbursement of costs and interest that have been invoiced to the Cardholder due to such late execution.
- 9.5. Payment Transactions for which no specific amount has been indicated in the initial authorisation:
- If the Cardholder considers that the amount of a Payment Transaction triggered by the Payment Beneficiary exceeds the amount which the Cardholder could reasonably have expected, the Cardholder may file a claim for reimbursement with the Card Issuer for the Payment Transaction executed on the basis of this Payment Order. The Cardholder must support any request with objective arguments, in particular as regards their last expenses and the circumstances which led to the Payment Transaction in question. The Cardholder cannot however object on the basis of a Foreign exchange transaction, if the exchange rate agreed between the Card Issuer and the Cardholder has been applied.
 - In all cases, the Cardholder is only entitled to reimbursement of the value-secured amount of the Payment Transaction payment in question.
 - If the Cardholder is entitled to a rebate in accordance with article 8.4, a written reimbursement request, signed by the Cardholder must be received by the Card Issuer, in accordance with these Terms and Conditions, within eight weeks from the date on which the amount was debited from the Card. The amount of the Payment Transaction is credited to the Card within 10 Business Days of receipt for reimbursement from the Cardholder and on condition that the Card Issuer accepts the reimbursement request.
 - If the Card Issuer refuses to reimburse the Cardholder, it must communicate to the Cardholder the reasons for its refusal within 10 Business Days of receipt of the request for reimbursement from the Cardholder. This communication is made using the method of communication agreed with the Cardholder in the Card Application and/or in another relevant document.
- 9.6. If no claim or request for reimbursement from the Cardholder is received within the above deadlines, the Card Issuer is not liable for any compensable consequences arising from the execution of a Payment Transaction, whether authorised or not, or for the non-execution or incorrect execution of a Payment Transaction.
- 10. Liability of the Card Issuer**
- 10.1. **In cases of damage caused by slight negligence, the Card Issuer is only liable for typically foreseeable damage resulting from the breach of main contractual obligations.** In cases of gross negligence or willful misconduct, as well as with regard to culpably caused personal injury, the Card Issuer is fully liable.
- 10.2. If the card is not used in a Member State or if it is used in a currency other than the currency of a Member State, the Card Issuer's liability for the failure of any entity involved in the execution of the payment transaction shall in any event be limited to the careful selection and instruction of that entity.
- 10.3. **In any event, the Card Issuer shall not be liable in the presence of a case of force majeure, such as suspensions or failures of telecommunications systems or services of the Card Issuer itself** (e.g. due to a fire or similar catastrophes, power outages, failures of IT systems or hacking of the Card Issuer's systems). The Card Issuer does not accept any liability for losses that may result from the application of statutory provisions, administrative measures, whether announced or imminent, acts of government, acts of war, revolutions, civil wars, strikes, lockouts, boycotts or blockages by strike picketing. This shall apply whether the Card Issuer is also a party to the conflict or not, whether its services are affected only partially or where such a breach of its obligations by the Issuer results from the fact that the Card Issuer has satisfied its legal obligations or not.
- 11. Term of contract and termination**
- 11.1. The contractual relationship comes into effect upon acceptance of the Card Application by the Card Issuer and is concluded for an indefinite period. Either party is entitled to terminate the contractual relationship at any time and without giving reasons. If termination is at the instigation of the Cardholder, a period of one month must be observed; if termination is at the instigation of the Card Issuer, a period of two months must be observed. Notice of termination must be given in writing.
- 11.2. In exceptional circumstances, i.e. if the Cardholder has, among other things, not fulfilled their contractual obligations, or if the Card Issuer is of the opinion that the continuation of his contractual relationship with the Cardholder could give rise to liability for him, or if the Cardholder's payment transactions could be contrary to public policy or morality, or if the Cardholder fails to fulfil his obligation to act in good faith, the **Card Issuer may terminate the mutual relationship with immediate effect** in accordance with these Terms and Conditions. In this case, all obligations of the Cardholder - even future obligations - shall become immediately enforceable.
- 11.3. Payment transactions in execution shall not be affected by the termination of this contractual relationship. The terms and conditions as well as the fees of the banks shall continue to apply to the settlement of payment transactions in execution.
- 11.4. If the contractual relationship is terminated, an annual fee charged in advance will be refunded proportionately. An annual fee charged subsequently will be charged proportionately.
- 12. Reimbursement of Balance of the Card/default interests/expense reimbursement/statutory time limit for revocation**
- 12.1. The amounts charged to the Credit Card are listed once a month on the monthly statement and must be reimbursed at the latest on the date indicated in the monthly statement (the «Invoice Date»). The Card Issuer shall not invoice interest, if the total amount as reflected on the monthly statement is received by the Card Issuer by the date indicated in the monthly statement. If the Card Issuer does not receive payment in full no later than the date indicated in the monthly statement, the Cardholder shall be deemed to be in default of the entire amount due as shown in the monthly statement without further notice.
- In such a case, the Card Issuer shall invoice **interest at an annual rate as provided for in the table on page 2 of the Card Application** on any amounts unpaid at the due date until these are settled in full (an interest rate more favourable for the Cardholder may be applied without notice). The default interest rate may be reduced by the court in the event of legal proceedings by exercising the right of judicial discretion. Unless the Cardholder state otherwise, payments made by the Cardholder will first be used to settle interest and fees owed.
- 12.2. If the Cardholder has authorised the collection of the monthly invoiced amounts from his/her current account (SEPA Direct Debit Mandate), the Card Issuer will inform the Cardholder if a direct debit is rejected. The Card Issuer will charge the Cardholder for this notification in accordance with the reimbursement of expenses set out in the table on page 2 of the Card Application.
- 12.3. If the Cardholder has applied for the Card remotely via Post, Fax or by way of correspondence, the Cardholder shall have a period of 14 calendar days from the date of acceptance of their Card Application by the Card Issuer to withdraw from the agreement for the provision of the Card without being required to provide reasons.
- 12.4. If the Cardholder uses the right of revocation, this must be communicated in writing by registered mail before expiry of the above period. The Card will be blocked by the Card Issuer. However, this does not free the Cardholder from the obligation to reimburse all amounts owing that have been deducted from the Card Balance due to Payment Transactions triggered before the notice of withdrawal, without delay and in any event by no later than the date which is indicated in the monthly statement received from the Card Issuer. In addition, if they use the right of withdrawal, the Cardholder shall pay, without delay, for services that the Card Issuer has actually provided up to such withdrawal, as indicated in the Card Application.
- 12.5. **Since the funds received by the card issuer in exchange for electronic money loaded on the card do not constitute covered deposits within the meaning of the Liechtenstein Law on Banks and Investment Firms (BankG) as amended, the cardholder cannot benefit from the deposit-guarantee schemes prescribed in the Liechtenstein BankG.**

The Card will be immediately blocked after receipt of the notification. The Cardholder undertake to assist the Card Issuer in good faith in clarifying the circumstances and other relevant information in connection with the Incident and to take the measures that the Card Issuer may require in connection with investigations.
- 13.2. The Card Issuer shall not assume any liability for losses arising from blockage of a Card following the notification of an Incident by a third party that identifies itself as the Cardholder or someone close to the Cardholder.

 - the Card Issuer has grounds to suspect the occurrence of an Incident (e.g. after the discovery of suspicious transactions) or if it has been notified of an Incident;
 - There are reasonable grounds to believe that the Cardholder will fail to meet its payment obligations to the Card Issuer, e.g. massive credit rating deterioration, repeated late payment, insolvency;
 - The Card Issuer is required by law or according to a judicial, prosecutorial or administrative order to block the Card or is authorised to terminate these Terms and Conditions for just cause.
- 14.2. If any of the above events occurs, the Card Issuer shall, to the extent possible, inform the Cardholder before the blocking/withdrawal of the Card according to article 16 of these General Terms and Conditions, unless the Card Issuer is prohibited by law to do so. The Card Issuer shall not be liable for the consequences of the blockage or the withdrawal of the Card suffered by the Cardholder and/or those resulting from fact that the Cardholder has been informed late or not at all of such blocking or withdrawal, except in the event of deception or gross negligence. The use of a blocked or withdrawn Card is unlawful and may be the subject of criminal proceedings. In this case, the Card Issuer reserves the right to provide Affiliated Merchants/Affiliated Banks with all the information needed to directly obtain the amount owed by the Cardholder.
- 14.3. As soon as the reasons for blocking cease to exist, the payment service provider shall unblock the payment instrument or replace it with a new payment instrument.

- 15.3. In addition, the **Cardholder acknowledges and accepts** that the Card Issuer may transfer the Cardholder's personal data and the transaction data resulting from the use of the Card to the Card Issuer's **outsourcing partner** in Switzerland, the United Kingdom or in the European Union in order to ensure the proper execution of the entire Card Contract. **The Cardholder acknowledges and accepts that his personal data and transaction data may also be stored by the Card Issuer's outsourcing partner in other European countries** (i.e. Switzerland and Great Britain). The card issuer is responsible for ensuring that this data is processed and stored securely and in compliance with the provisions of Liechtenstein data protection law.

- 15.4. **By using the Card, the Cardholder accepts that data will be collected, stored and transmitted** for the purpose of identifying the Cardholder and determining the Card Balance using the means necessary to (I) provide appropriate transaction confirmations and settlements by the Card Issuers, (II) to make such data available to and transmit such data to the card payment system operators and entities involved in that payment system, (III) to store such data by the card payment system operators and entities involved in that payment system in accordance with applicable legal and regulatory requirements.
